Provider

## Subject activities and rooms / locations for Year 6 Open Evening 2025

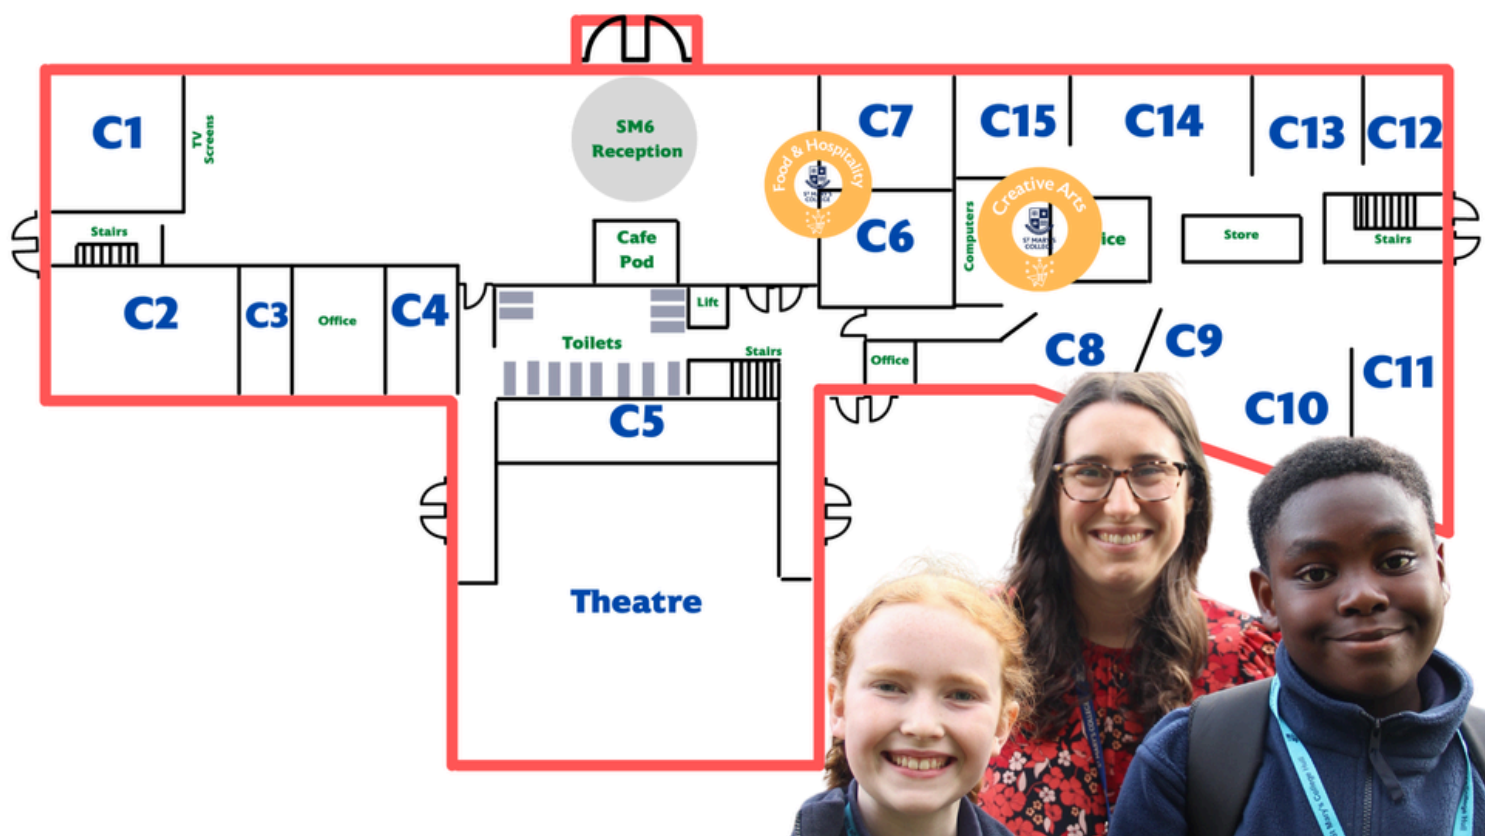

<b>Creative Arts</b>	See what creative arts has to offer in the showcase of work around the department. Come and see the laser cutter in action and join in with your own creation!	<b>C8, C15</b>
Subject	Activities	Location
<b>Computer Science</b>	Come and program some robots, solve some puzzles and show off how your logical mind works!	<b>F8</b>
<b>English</b>	Visit us in the LRC and be whisked away to the places you can usually only read about in books...	<b>LRC</b>
<b>Food &amp; Hospitality</b>	Come and experience the smells and tastes of our wonderful food and hospitality department!	<b>C6, C7</b>
<b>Geography</b>	Join us on a global adventure where you can explore the world and play some fun games!	<b>M16</b>
<b>History</b>	Delve into the past and examine a range of artefacts from across the world with the History department!	<b>M15</b>
<b>Maths</b>	Come and explore the only subject that counts ... join the Mathematics department in for your opportunity to go head-to-head in our mathematical challenges!	<b>F9, F11</b>

<b>Modern Foreign Languages</b>	Discover the world of MFL through food, music and a French/German themed treasure hunt!	<b>M14</b>
<b>Music</b>	We need ukulele players, drummers, DJs.... come along and join the band!	<b>F Corridor balcony</b>
<b>Performing Arts</b>	<p>Come to the Main Hall to see the Drama department in action and help us solve a murder mystery!</p> <p>We will also have performances in each Theatre presentation from our award winning SM6 Dance Company/Year 9 GCSE Dancers as well as a musical theatre performance.</p>	<b>Main Hall</b>
<b>Physical Education</b>	Series of challenges that will test the body, mind and spirit. Get the opportunity to discover what PE and Sport is all about at St Mary's College with our world class curriculum and extracurricular programme.	<b>Old Sports Hall</b>
<b>RE</b>	Come and explore religions from around the world, and see how REmarkable you can be.	<b>M17</b>
<b>Science</b>	Come and experience the wonder of discovery and see how we explore the workings of the world around us, from dissections and chemical reactions to electromagnets!	<b>F2, F3, F4</b>
