

## ST MARY'S COLLEGE

### Year 10 Revision – Spring Term

Dear Parent/Carer,

Following the success of our first Focused Revision Weeks, we are writing to inform you about Phase 2 of our **tracked revision programme** for Year 10, which will run for five school weeks from week commencing **Monday 19th January** through to (and including) week commencing Monday 23rd February.

During this period, students are expected to attend revision sessions either at lunchtime or after school, following the published timetable. As in Phase 1, we strongly encourage students to attend a **minimum of two revision sessions per week** in order to develop effective study habits and consolidate learning across subjects. Attendance will continue to be monitored weekly via Arbor, and students will be rewarded for consistent engagement, including spot prizes and incentives throughout the phase.

Alongside this, **One Click Revision** is an important part of our support for Year 10 students. This programme is updated weekly by subject leaders and provides short, focused revision tasks for each subject via Google Classroom. Students are encouraged to spend around 15 minutes per subject each week completing these tasks at home. Teachers will revisit and reinforce the content during lessons, but regular independent engagement will help students strengthen their understanding and prepare effectively for future assessments. We would greatly appreciate your support in encouraging this routine at home.

Further details regarding future assessments will be confirmed in due course and communicated home separately.

Year 10 is a crucial foundation year for GCSE study, and we thank you for your continued support. Please be assured that we are fully committed to supporting every student as they develop the knowledge, skills, and habits needed for success. Should you have any questions, please do not hesitate to contact the Year Office.

Yours sincerely,

Mr Lenham  
Assistant Headteacher
